For enquiries or bookings call ECH on **1300 275 324** or email [ask@ech.asn.au](mailto:ask@ech.asn.au)

# Allied Health Group Programs\*

## **BALANCE**

Maintaining good balance is key to a healthy and active lifestyle, particularly as we age. Help maximise mobility through low impact fitness, strength and flexibility training through an introductory 8 week program. Conducted by a qualified allied health professional in a small, friendly group environment.

## **BOXERCISE**

Improve cardiovascular fitness and increase strength and agility while having fun with Boxercise. Led by a trained fitness instructor, this class offers physical activity with alternating periods of high and low intensity which can assist with stress relief and weight loss.

## **CIRCUIT**

Build overall fitness levels while having fun through circuit training in a fully equipped on site gym. This class keeps fitness and interest levels high as participants move between stations, facilitated by an accredited Exercise Physiologist and Fitness Instructor.

## **CONDITIONING**

Build strength and aerobic fitness levels through an individualised, moderately paced program designed to address specific chronic health conditions. Facilitated by a qualified Exercise Physiologist using professional gym equipment. This class is ideal for those recovering from incidences such as stroke, cardiac, COPD or joint replacement.

## **CORE STRENGTH**

Improve and maintain healthy postural alignment, spinal strength, mobility and stability in this Pilates style class. Facilitated by a trained health professional, this floor based class promotes core muscle strength to enhance everyday living and active lifestyle.

## **STRONG AND STABLE**

Build strength, fitness and balance in this moderately paced, progressive group based exercise program designed to improve and maintain good balance and strength. Strong and Stable offers engaging physical exercise to assist with overall balance, standing from sitting and leg and arm strength.

## **STRENGTH FOR LIFE**

Strength training is an important contributor to maintaining a mobile and healthy lifestyle. Designed to meet the needs of people over 50, the Strength For Life program promotes health and wellbeing using appropriate and increasingly heavy resistance under the supervision of accredited COTA SA fitness professionals. COTA pre commencement assessment required.

## **TAI CHI**

Learn and practice relaxing exercises and flowing movements in a welcoming group environment. Tai Chi combines breathing, posture, movement and meditation to promote a sense of well-being while also improving co-ordination, balance and awareness of weight transference.

# Group Session

**This session is for a specific health condition and bookings are essential. If you are interested in attending please call 1300 275 324.**

## **NEUROLOGICAL REHABILITATION**

Join a needs specific class for those living with neurological conditions such as multiple sclerosis or Parkinson's disease, or for those who are recovering from a stroke. Facilitated by a qualified allied health professional, this class focuses on strengthening, stretching and balance exercises, as well as improving walking abilities.

## **TALKBACK**

Regaining the ability to communicate verbally with other people is important in the recovery from events such as a stroke, as well as for increasing independence. Talkback provides participants with the opportunity to practice and develop conversation skills, build confidence, and meet and socialise with other participants in a small group environment. Talkback is facilitated by a qualified speech pathologist.
